Chords And Lyrics
By Jackson Browne

Intro – C/G-G-C/G-G-C/G-G-Em

```
C/G                   G                        C/G   G
Looking out at the road rushing under my wheels
C/G                   G                   C/G          G
Looking back at the years gone by like so many summer fields
C/G                   G          C/G              G
In sixty five I was seventeen and running up one on one
C                            G6                   D
I don't know where I'm running now, I'm just running on
```

```
     C/G                  G
Running on, running on empty
        C/G              G
Running on, running blind
         C/G                   G
Running on, running into the sun
                  Em
But I'm running behind
```

```
C/G                   G                        C/G       G
Gotta do what you can just to keep your love alive
C/G                   G                  C/G        G
Trying not to confuse it with what you do to survive
C/G                   G                C/G              G
In sixty-nine I was twenty-one and I called the road my own
C                            G6                   D
I don't know when that road turned, into the road I'm on
```

```
     C/G                  G
Running on, running on empty
        C/G          G
Running on, running blind
```

```
        C/G                         G
Running on, running into the sun
                        Em
But I'm running behind

Break – C/G – G – C/G – G – C/G – G – Em – C – G6 - D

Em          C       D         G
Everyone I know, everywhere I go
Em                      D         C
People need some reason to believe
                        G
I don't know about anyone but me
Em          C       D         G
If it takes all night, that'll be all right
C                       D               C       G
If I can get you to smile before I leave

C/G                 G                           C/G     G
Looking out at the road rushing under my wheels
C/G                         G                   C/G         G
I don't know how to tell you all just how crazy this life feels
C/G                     G               C/G
Look around for the friends that I used to turn to to pull me
    G
through
C                   G6                  D
Looking into their eyes I see them running too

        C/G                     G
Running on, running on empty
        C/G             G
Running on, running blind
C/G             G
Running  into the sun
                    Em
But I'm running behind

```
C/G                          G
Honey you really tempt me
                 C/G              G
You know the way you look so kind
C                D              C      G
I'd love to stick around but I'm running behind
C                D                        C    G
You know I don't even know what I'm hoping to find
C                D              C      G
Running into the sun but I'm running behind
