

What About Love

I've been lonely ^{Em}
I've been ^Cwaiting for you ^D
I'm pretending and that's all I can do
The love I'm sending ^C
Ain't making it through to your heart
You've been hiding, never letting it show
Always trying to keep it under control
You got it down and you're well ^D
On the way to the top ^D
But there's something that you forgot

What about love ^G
Don't you want someone to care about you
What about love ^G
Don't let it slip away ^D
What about love
I only want to share it with you
You might need it someday

I can't tell you what you're feeling inside
I can't sell you what you don't want to buy
Something's missing and you got to
Look back on your life
You know something here just ain't right

What about love ^G
Don't you want someone to care ^Dabout you
What about love ^G
Don't let it slip away ^D
What about love ^G
I only want to share it with you
What about love
Don't you want someone to care about you
What about love
Don't let it slip away
What about love
I only want to share it with you
